

# Gabriel Lins

**Goal: THE Intern opportunity in the field of Development, Technology, and Innovation.**

## Experiences

### Software Residency RiseUp by Porto Digital 2023.2

Porto Digital in partnership with Cesar School (08/2023 - 12/2023)

In the residency, I was able to learn and put into practice knowledge related to **QA (Quality Assurance) and Software Testing**. This included studying test cases, identifying bugs, handling issues, requirements analysis, reporting, and applying these concepts in a project that involved evaluating the website called "Swag Labs."

Furthermore, the experience encompassed the entire dynamics of **teamwork, project management, development, and pitch presentation**.

### Volunteering at Rec'nPlay 2023

(10/2023 - 10/2023)

"During the 5th edition of Rec'nPlay, I had the opportunity to serve as a volunteer at the event, where I could experience and apply skills in **event reception, event production, and intercultural communication**.

Moreover, **my Advanced English proficiency** was crucial during moments when I **interacted with foreign guests and spectators**. Through the language, I engaged in conversations with them and welcomed them in the best possible way at the event, especially at the Porto Cinema, the venue where I was working."

### Software Residency KickOff by Porto Digital 2023.1

(03/2023 - 06/2023)

"In my first experience with Software Residency, I developed the project called CareMind Edu, an application focused on the well-being and fight against Burnout among Brazilian Educators.

With this project, I strengthened my knowledge in **Prototyping, UX/UI, Figma, Development, and Pitch Presentation, in addition to teamwork**."

## Education

### Undergraduate in Internet Systems

Catholic University of Pernambuco - UNICAP

Start: March 2023
